

How to use boataround.com?

If you want to book a yacht on boataround.com, all you have to do is enter the location of choice in the search engine's window and fill in the date of vacation and the type of boat, e.g. a sailboat, a sea yacht, a catamaran, a motorboat, a gulet or even a house on the water. After completing all the information and clicking the "Search" button, you will be redirected to the results matching your criteria. They can be freely sorted, for example, taking into account the rental price or the opinions of different users. You can also narrow down your results by using the filters on the left, such as the charter price range you are interested in, the number of cabins or people. You can also select the year of manufacture, model, manufacturer and length of the boat. You can also easily filter offers for boats with a skipper or those that you can drive yourself.

If you have any further questions, Boataround's consultants offer assistance 7 days a week. Do you want to learn more about secure yacht booking? Read our [article](#).
